OBJECTIVE

Instead of a professional summary, place your career objective here. Explain what you are passionate about and how the subjects you have taken in college / university align with your career goals.

Put one great recommendation here from your college professors or Dean of the Institute.

Recommendations are very important and can serve as a major differentiator from your competition.

SKILLS

Mention any skills you have acquired while in college. These could be technical skills and soft skills by virtue of being a member of clubs, groups and teams.

Role Highlights

Include 3 - 4 highlights of your role in bullets here like big wins, skills, and relevant experiences. You only get 5 seconds to make an impression and recruiters will spend the majority of that time at the top. So don't hold back on your achievements and be clear on why you are the best candidate for this specific role!

Put one great recommendation here from your Ex Boss or Founder

Recommendations are very important and can serve as a major differentiator from your competition.
